

Sprint 3: Manual Testing Documentation

User story 7

1. Navigate to the sign in page using the hamburger menu

2. Sign in as an employer

3. You will be redirected to the company home

The screenshot shows a web browser window with the URL `localhost:3001/company/enrightc99+emp@gmail.com`. The page features a Google search bar at the top with the text "Food Science Art". Below the search bar, there is a job listing for "Food Science Art" with the following details:

- Desired major: Art
- Job type: internship
- Location: California
- Start: 2019-04-20
- End: 2019-08-31
- Estimated wage: 15.00

Below the job listing is a blue button labeled "Match within this job". Underneath the button are three small buttons: "Matches", "History", and "Edit".

Below the job listing is a section titled "Test" with the following details:

- Desired major: Art
- Job type: fullTime

On the right side of the "Test" section is a menu icon (three horizontal lines).

4. Clicking the Match within this job button will show users related to that job

The screenshot shows a user profile for "Jacob Szar". The profile includes the following information:

- A penguin icon.
- The name "Jacob Szar".
- A "View resume" button.
- A status message: "I like art".
- A bio: "Major: Art
Minor: Math
Looking for: an internship".
- A timeline: "Start: 2019-04-26
End: 2019-04-27
Desired wage: 7".
- Interaction buttons: "Like" and "Dislike".

5. Like the the student
6. The student should follow a similar process where they go to the their home and like the exact user that liked them

7. Because both users liked each other they matched, the users get the notifications upon the time of the match

Testing set 1

8. Navigate to the sign in page using the hamburger menu

9. Sign in as an employer

10. You will be redirected to the company home

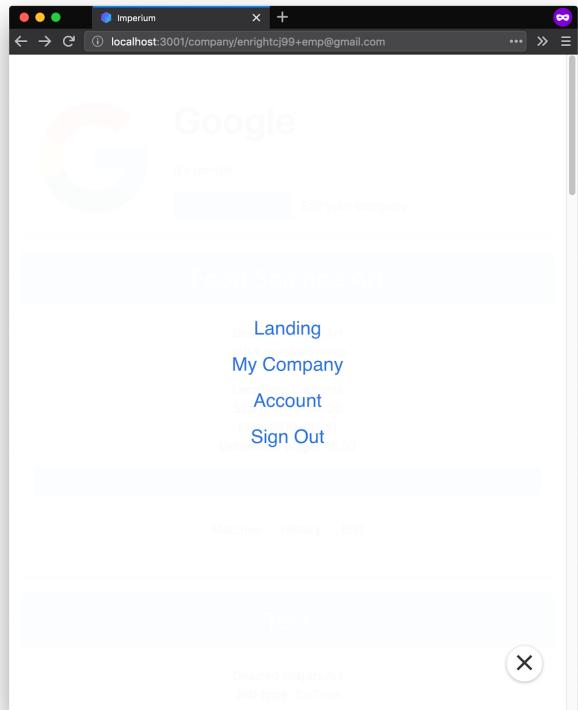

The screenshot shows a web application interface. At the top, there's a header with the Google logo and the text "it's google". Below the header, there are two main sections. The first section is titled "Food Science Art" and contains the following details:
Desired major: Art
Job type: internship
Location: California
Start: 2019-04-20
End: 2019-08-31
Estimated wage: 15.00
A blue button labeled "Match within this job" is present. Below it are three small buttons: "Matches", "History", and "Edit". The second section is titled "Test" and contains the following details:
Desired major: Art
Job type: fullTime

11. Clicking the Match within this job button will show users related to that job

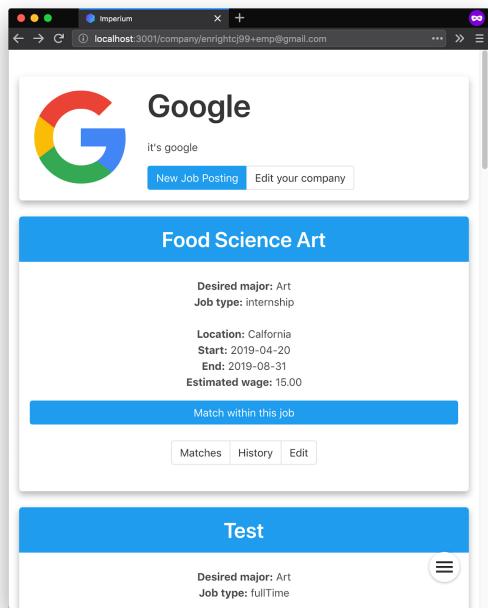

The screenshot shows a student profile page. The top navigation bar has the word "Home". The profile features a circular thumbnail image of a person. The student's name is "Anthony Popilov". Below the name is a "View resume" button. A short bio reads: "totally rad. hire me brah.". The student's details are listed as follows:
Major: Art
Minor: Art
Looking for: an internship
Start: 2019-05-08
End: 2020-06-13
Desired wage: 123
At the bottom, there are "Like" and "Dislike" buttons, and a menu icon.

12. You are able to like/dislike students, which effects only this job instead of the company (see above photo)

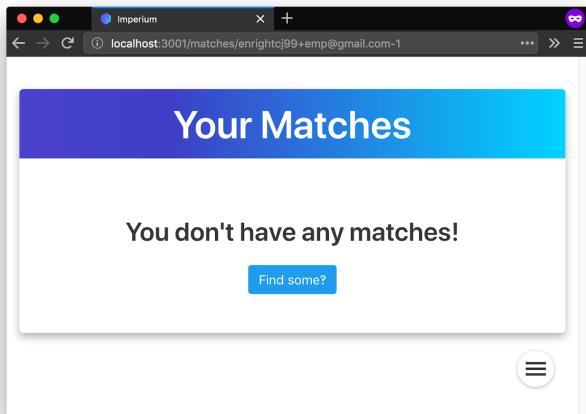

13. The hamburger menu for a logged in company has no home button, so they cannot perform actions unless they go through the process above

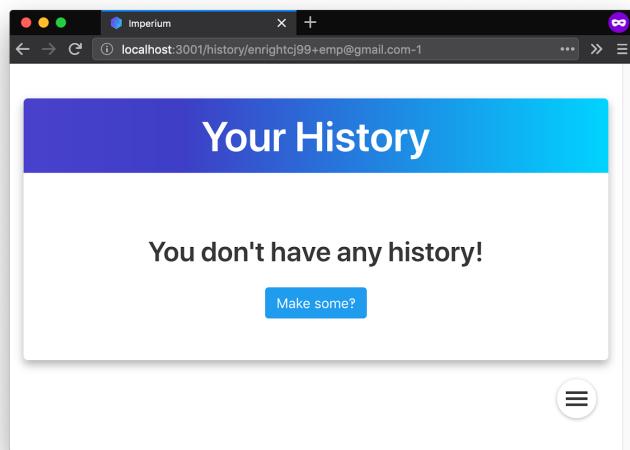

14. The settings and searching pages for the employer can be seen as buttons below the match within this job button

15. Clicking matches shows the matches for that job (if there are any)

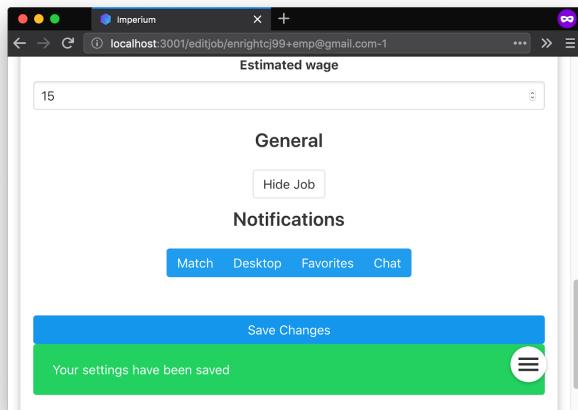

16. Clicking history shows the history for that job (if there is any)

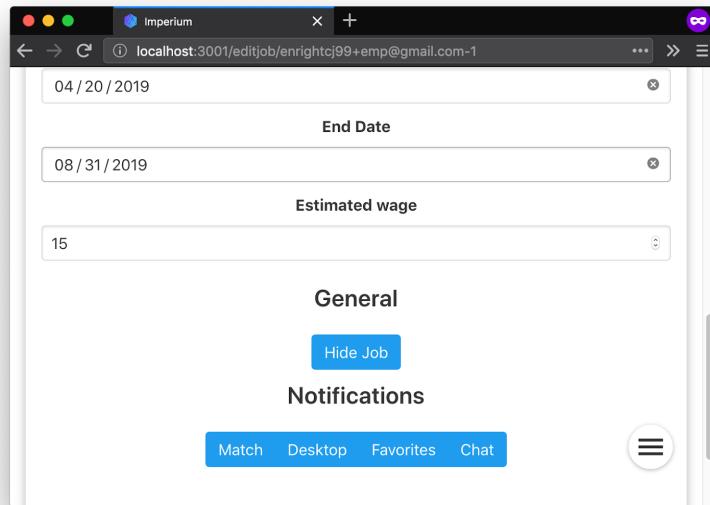

17. Clicking edit shows the preferences for that job

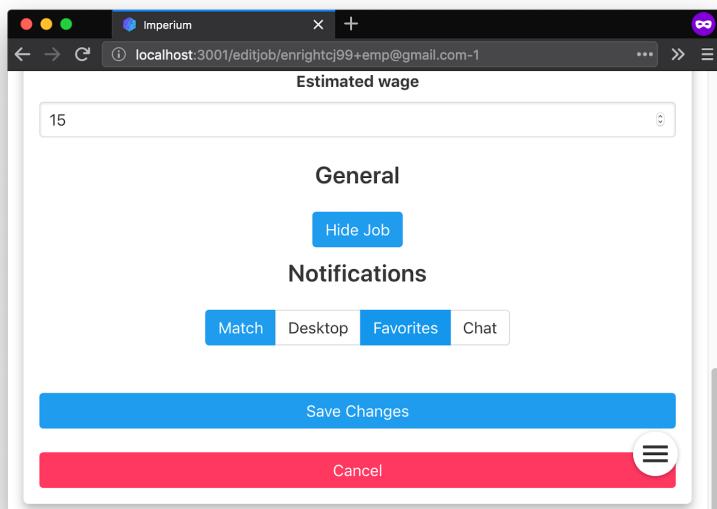

18. Saving preferences shows that they have been saved successfully

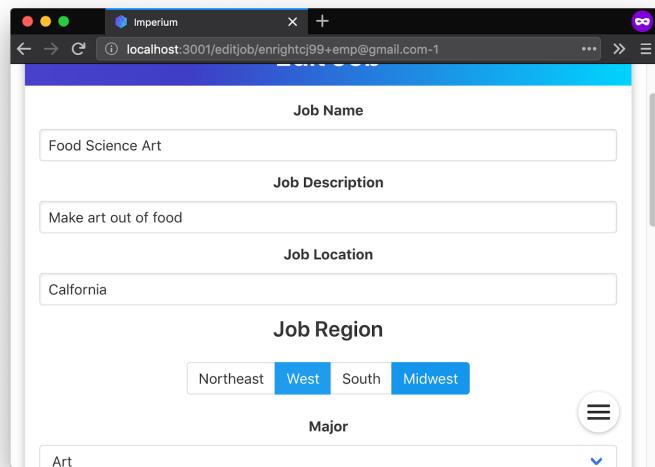

19. You can hide just this job from others

20. As well as change job specific notifications of each type

21. And Job region settings

22. As well as start date and end date

A screenshot of a web browser window titled "Imperium". The URL is "localhost:3001/editjob/enrightc99+emp@gmail.com-1". The form contains the following fields:

- Desired major: Art
- Job type: Internship
- Start Date: 04/20/2019
- End Date: 08/31/2019
- Estimated wage: 15

Below the form is a "General" section with a three-line menu icon and a "Hide Job" button.

23. Those changes are reflected on the company home page

A screenshot of a web browser window titled "Imperium". The URL is "localhost:3001/company/enrightc99+emp@gmail.com". The page displays a job listing with the following details:

Food Science Art

Desired major: Art
Job type: internship

Location: California
Start: 2019-04-20
End: 2019-08-31
Estimated wage: 15.00
